

Contain the Hydrocarbon. Cut the Liability.

BoneDry supports your environmental and spill-readiness programs — encapsulating hydrocarbons, reducing disposal weight, and eliminating silica-dust exposure.

Non-leach
ENCAPSULATION
Silica-free
SAFER HANDLING
Recyclable*
LIGHTER DISPOSAL

CONTAMINATION CONTROL

- ✓ Encapsulates hydrocarbons.
- ✓ Reduces **leaching** into soils & water.
- ✓ Supports **cleaner closeouts**.
- ✓ Lowers **secondary contamination**.

CREW & SITE SAFETY

- ✓ **Non-toxic**, non-carcinogenic.
- ✓ **No crystalline silica** dust.
- ✓ **Non-slip**, residue-free surface.
- ✓ Equipment-safe, **non-abrasive**.

WASTE & READINESS

- ✓ **Lighter** disposal loads.
- ✓ **Less volume** used per incident.
- ✓ Supports **SPCC / readiness** plans.
- ✓ Documented **SDS** available.

WHY IT MATTERS TO YOUR PROGRAM

Compliance: supports SPCC & spill-readiness documentation.

Liability: encapsulation reduces leaching exposure.

Safety: silica-free handling protects crews.
