

Discharge on Spec. Truck Away Less.

Pinkwater supports discharge compliance and SWPPP programs while cutting the hauled volume that drives your water budget and footprint.

 **Biodegradable**
CHEMISTRY

 **Discharge**
COMPLIANCE SUPPORT

 **~70%**
LESS HAULED

DISCHARGE COMPLIANCE

- ✓ **Clarifies & conditions** on site.
- ✓ **Turbidity reduction** for release.
- ✓ Supports **permit conditions**.
- ✓ **Documented** treatment results.

ENVIRONMENTAL FOOTPRINT

- ✓ **Biodegradable** treatment.
- ✓ **Less hauled** water volume.
- ✓ Lower **disposal footprint**.
- ✓ Supports **SWPPP** programs.

WATER MANAGEMENT

- ✓ Handles **dewatering & hydro-test**.
- ✓ Treats **wash-water & sediment**.
- ✓ **Scalable** dosing.
- ✓ Reduces **tankage & trucking**.

WHY IT MATTERS TO YOUR PROGRAM

Compliance: supports discharge & SWPPP documentation.

Footprint: biodegradable, less hauled volume.

Cost: on-site treatment beats trucking.
