

Stop Paying to Haul Water. Treat It.

Every gallon you clarify on site is a gallon you don't truck away. Pinkwater cuts hauling, delays, and total water cost.

~60%

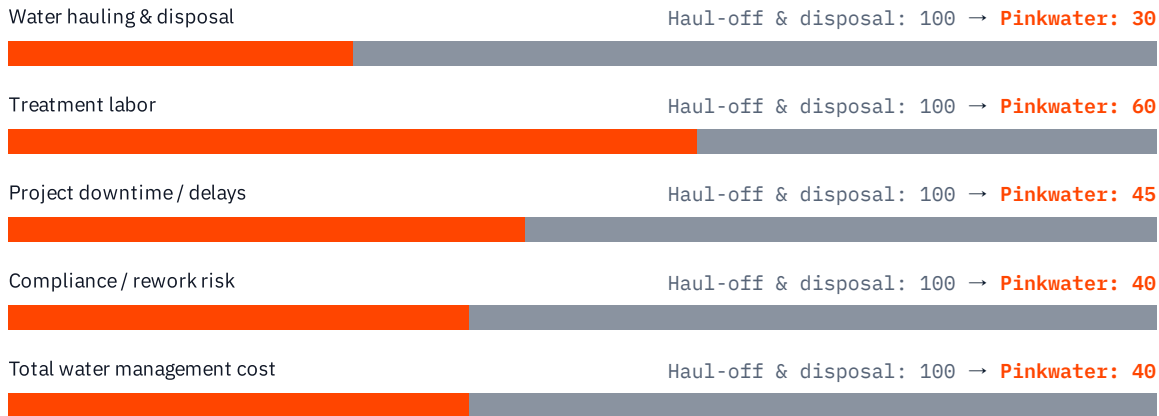

LOWER WATER MGMT COST

~70%

LESS WATER HAULED

Up to ~60% lower water management cost

Treating water on site with Pinkwater reduces the volume you haul and dispose of, shortens project delays, and lowers the total cost of managing contaminated jobsite water.

 Haul-off & disposal (baseline 100)
